A MESSAGE FROM THE JUNIOR BOARD

The Power of Perspective

*"Watch your thoughts; they become words.
Watch your words; they become actions.*

*Watch your actions; they become habit.
Watch your habits; they become character.
Watch your character; it becomes your destiny."*

This phrase is on the mirror in my bathroom, the screensaver on my computer and is written on the inside cover of my planner. I choose to live by these words every day because just as everyone knows... life gets hard. On the days I feel defeated and exhausted, I can remember this phrase. These words remind me of just how important my mindset is to becoming the best version of myself and accomplishing my goals.

Even when you reach a point in life when it feels like there will never be a light at the end of the tunnel, I promise it could always be worse. Your worst day could be someone's best day. Be grateful for your blessings in all things and at all times. Reminding yourself to keep a positive attitude and remaining grateful for all of God's blessings in your life keeps those thoughts positive, which making those words positive... and you know how the rest of the saying goes. Remember to stay positive, remain humble and always be grateful.

- Alexandria Cozzitorto, Director

Values: Remembering Where You Come From

Whether you are still living at home or headed off to live on your own, don't forget the values of hard work, determination, and integrity you learned from working in your show barn at home. The life lessons learned from your show barn can teach you to work hard everyday and will be valuable to apply in every area of your life. The show barn also teaches you a strong sense of determination to overcome your failures and press on to achieve your goals.

Most importantly, it is important to remember the value of integrity taught in competing fairly and honestly in the show ring. These values will help you go far in life, so don't forget what you learned in your show barn.

-Cutter Pohlman, Director
